The everyman & the Playhouse

We are two distinct theatres, almost a mile apart, which together make up a single creative force.

United by a passion for great drama, we create brilliant, humane, forward-thinking theatre that responds to its time and place and belongs to everyone. This desire to dazzle and inspire, to welcome and engage, to ignite the imagination and explore ideas, carries through in all that we do. This means that by holding your event with us, you'll be part of something bigger, something special.

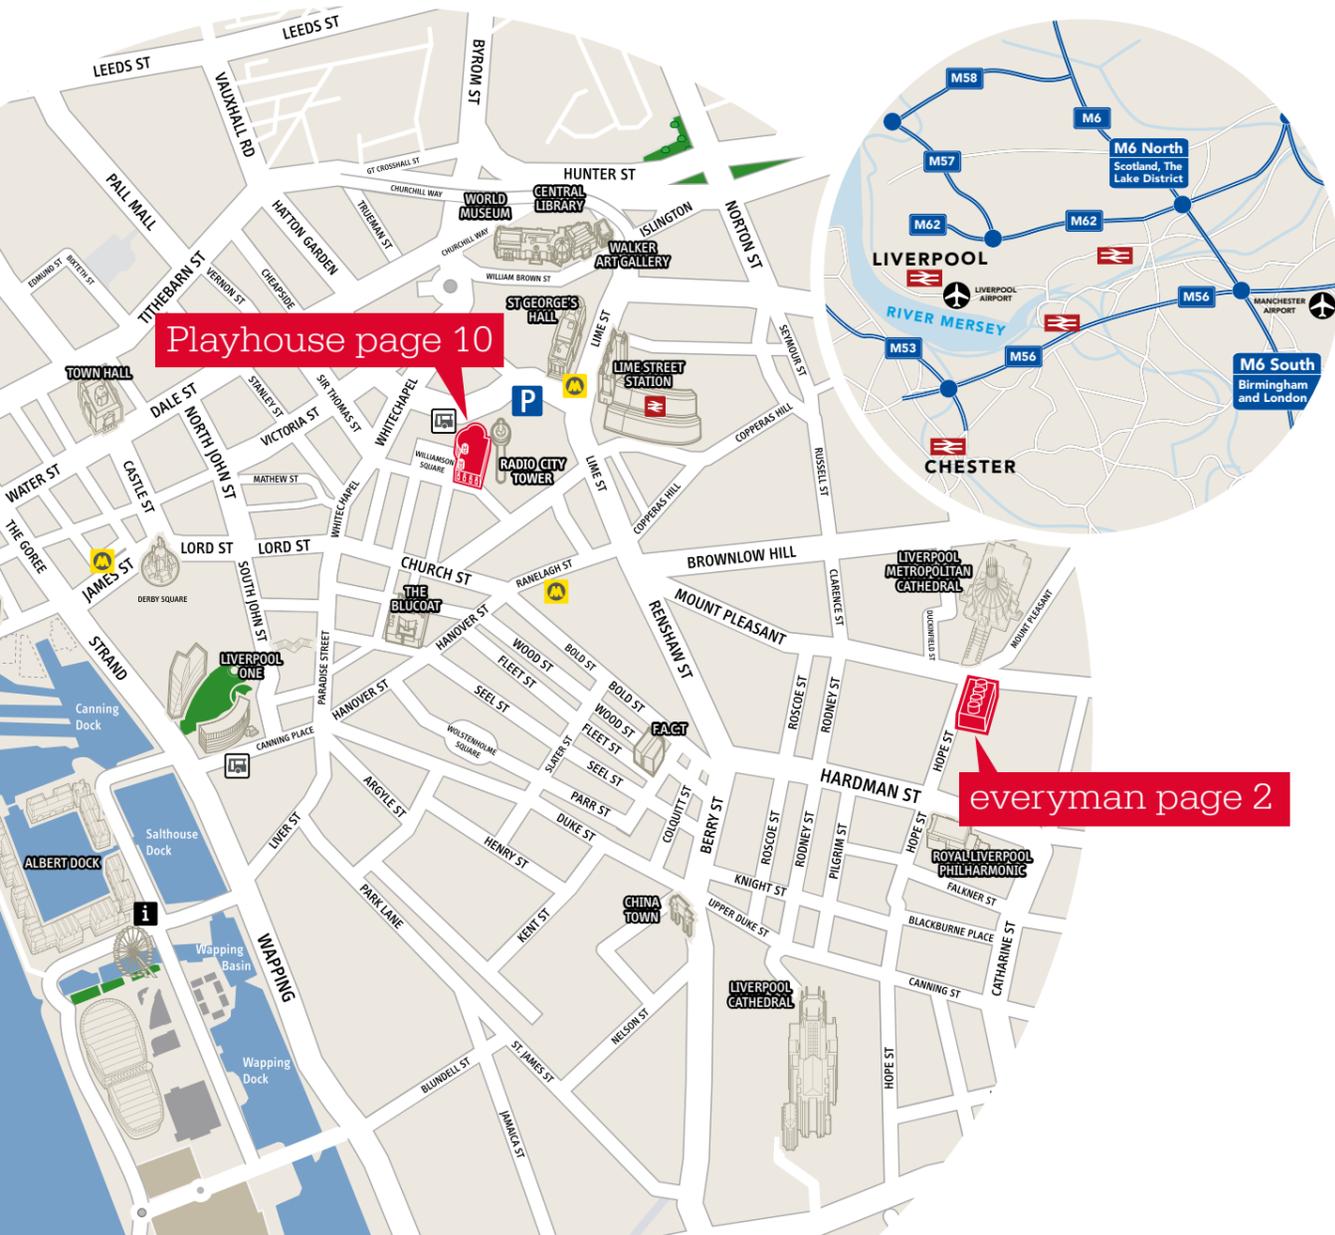

We look forward to welcoming you.

Accessible & Sustainable

The new Everyman was built with sustainability and accessibility at the forefront

The Everyman has lift access to all floors, plus a platform lift to facilitate escape in an emergency. We have spaces for wheelchairs at both levels of the theatre, six accessible toilets (left and right handed) and we are the first theatre

to have a registered Changing Place. A braille map is available in the foyer and Guide dogs are welcome. There is assisted listening using a radio system, with both stethosets and personal induction loops available.

The four majestic chimneys on the roof are a sign of the natural ventilation in all the main spaces which reduce our carbon footprint and offer a better quality of air. The front of house and auditorium house lighting schemes use entirely low energy LED fittings and a large tank collects rainwater, which is used to flush all the toilets. The recycling of the bricks from the old Hope Hall, beehives and nesting boxes for swifts and bats on the roof, together with many other design features contribute to our green credentials.

Weddings at the everyman

We take a bespoke approach to weddings, ensuring your special day exceeds everyone's expectations.

With our creative and friendly team, we can take care of every detail from the moment you and your guests arrive to the moment you leave, so you can relax and enjoy the celebrations.

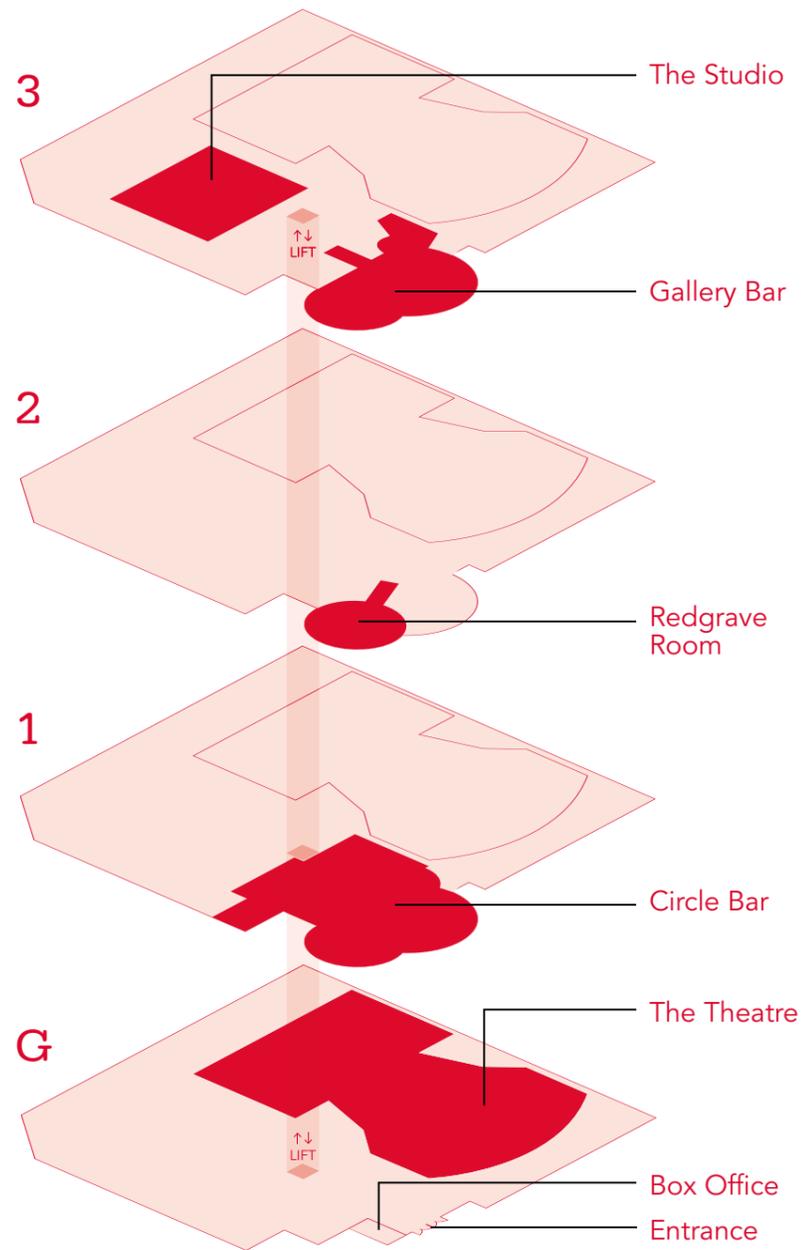

Venue hire & events at the Playhouse

The Playhouse

The Liverpool Playhouse is a traditional, grade II* listed theatre with a Victorian façade, dating back to 1866. The auditorium has retained its Victorian grandeur and still boasts many original features. The addition of a modern extension in the 60's added the Circle and Gallery Bars, foyer spaces and the Playhouse Studio. It also improved the accessibility of the building.

The Playhouse is situated in the City Centre with close access to public transport links and parking facilities.
